Please follow instructions from the parking marshall to avoid logjams and traffic before the starting time. Avoid using side of the road or other spaces not designated for parking, which may cause inconvenience. You can reach parking area either from park chowk or road along side zilla parishad.

Road Traffic

In order to ensure an excellent running environment, Manorama Bank Solapur Marathon has ensured that the entire route will be cordoned off for external vehicles, resulting in ZERO traffic on both side of the road.

WEAR YOUR RUNNING NUMBER BIB RIGHT

Now that you have collected your running number bib, please ensure you do not misplace it - we will not issue you another one.

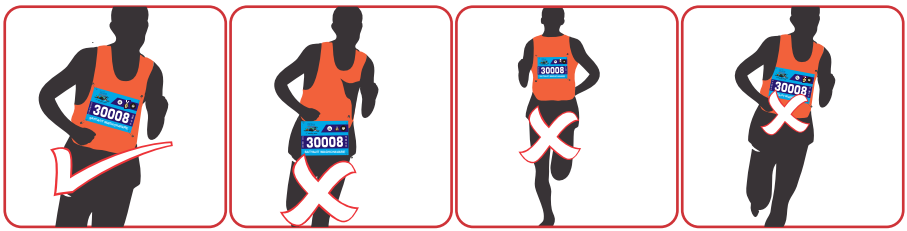
The number on your running bib has been synched to the data submitted by you in the Event's application form, and is vital for all purposes on race day, including entry into the event venue for your run. DO NOT EXCHANGE YOUR BIB WITH ANY OTHER PERSON OR RUNNER.

The colour of your bib indicates the race category you are participating in, and the distance thereof. Results and certificates will not be issued to you if you participate in another race category or start at another start time.

A few important points before you report for your run on race day (7th Jan 2018) :

- Clearly write in the space provided behind your bib, your name and the name and number of a person we can contact in case of an emergency. Such a person must not be someone who is also participating in the event.

- Write your medical condition and any medications you may be allergic to, in the space specified behing you bib.



- Pin your running number on your chest, secured with the safety pins provided to you in each corner, over the outermost layer of clothing you wear on race day. Your bib must be visible at all times.
- Do not cut or alter the bib in any way. The entire bib must be clearly visible to all.

YOUR TIMING BIB TAG

The RFID Bib Tag system is being used for timing purposes at the Manorama Bank Solapur Marathon 2018 starting this edition. Your RFID Bib Tag has been attached behing your running number bib.

A 'Bib Tag' is a transponder, marked with a unique identification number. Remember you must wear the running number bib which has been specifically allocated to you. The bib tag starts to send its signal when it crosses various Sensors placed at the start and finish gates and at designated split points on the course. Your time at such points will be captured and duly recorded.

Please do ensure you Pass through all the Sensors on your route including at the start and finish points. This is essential to capture your split timings. RANKINGS WILL NOT BE GENERATED FOR RUNNERS WHO MISS RUNNING THROUGH SENSORS AT ALL LOCATIONS, such runners will not be entitled to be considered under prize money winning positions

How to wear the bib tag ?

- Wear the bib number horizontally and visibly on the chest, and NOT on your back.
- Do not remove or cover the bib with anything including your jacket during your run. Always remember that the timing Sensor must see your bib when you are crossing it.
- Also, do not cover bib with your hands, especially at the finish. The bib tag must at all times have a clear view of the timing Sensors.

The bib tag is stuck behind your bib.

- DO NOT fold or crumple your number bib or bib tag.

While pining on the number bib, ensure you DO NOT pierce the tag.

- DO NOT remove the foam spacer or tamper with the bib tag in any way.
- DO NOT separate or remove the bib tag from the bib.
- DO NOT keep your bib near any electronic device pre your race (eg.: television set, mobile, etc.

Each bib tag is specifically allocated to the running number of individual runners, DO NOT exchange your running number bib with another fellow runner nor try to remove the bib tag from your bib and hand it over to another fellow runner.

Usage of multiple timing devices will not record your time and will amount to disqualification. Also please note you cannot use this bib tag to time yourself at any other distance running event.

A Runner's Story

“Running isn't a sport for pretty boys...It's about the sweat in your hair and the blisters on your feet. Its the frozen spit on your chin and the nausea in your gut. It's about throbbing calves and cramps at midnight that are strong enough to wake the dead. It's about getting out the door and running when the rest of the world is only dreaming about having the passion that you need to live each and every day with. It's about being on a lonely road and running like a champion even when there's not a single soul in sight to cheer you on. Running is all about having the desire to train and persevere until every fiber in your legs, mind, and heart is turned to steel. And when you've finally forged hard enough, you will have become the best runner you can be. And that's all that you can ask for.”

? Paul Maurer, The Gift - A Runner's Story

ARE YOU READY TO RUN ?
SOME MEDICAL PRECAUTIONS

Distance running is an endurance sport, and as an amateur athlete attempting the half marathon, you are pushing your body out of your comfort zone. While we hope that you have been training for your run, we urge you to take a thorough medical test before the race before turning up at the start line on 7th january 2018. Most medical emergencies during the race occur to people who have not adequately trained or are unwell and push themselves on race day.

If you fell feverish, or have been vomiting, have had diarrhoea or chest pains or generally are feeling unwell, then it is unfair to you and your family to risk serious illness and become a medical emergency.

Irrespective of whatever may be your age or for how long you may have trained, we sincerely advise you to obtain a medical clearance from a registered medical practitioner / doctor allowing you to run in the event.

MARATHON ROUTE

Go Green... Save Nature...

Solapur runners association is proud to announce that we are planting 100 trees in and around Solapur city as a social responsibility with reference to our go green campaign. These trees will be of four feet to five feet height with tree guard. We and our associate partners will take the responsibility to take care of these trees in the coming years.

If possible we are planning for more trees untill our second edition of Solapur marathon.

We are promoting tree plantation in a very passionate manner.If anyone of you is interested in taking active participation in form of either financial support or support in terms of taking care of planted trees,please contact Dr Yashwant Pethkar : 9823713472
